

**RESEARCH
PARTICIPANTS
NEEDED!**

The Graduate School of Health- Discipline of Physiotherapy is conducting a research project to explore opinions and experiences of people with **spinal cord injuries** from participating in a **robot-assisted game-based training** for the arm and hand

You may be eligible to participate if you have a ***spinal cord injury that affected your ability to move your arm and hand.***

If you decide to join, you will be asked to attend:

- 3 assessment and interview sessions- 5 hours in total
- 10 treatment sessions using robotics- 1.5 hours each session

All sessions will be held at UTS Moorepark Campus and will be conducted according to **NSW health and UTS COVID safe policies.**

To Find out more, please contact Esminio II Rivera (research assistant) at esminioii.rivera@student.uts.edu.au or Dr. Camila Quel De Oliveira (lead investigator) at **02 9514 7234** or at Camila.QuelDeOliveira@uts.edu.au

If you have any concerns or complaints about any aspect of the conduct of this research, please contact the **Ethics Secretariat** on **ph.: +61295142478** or email: research.Ethics@uts.edu.au, and quote the UTS HREC reference number **ETH19-3949**
