

Do you have a spinal cord injury (SCI) or are a healthcare worker working with people with SCI?

Volunteers are needed for a research study to gather the perspectives of people with spinal cord injuries (SCI) and healthcare workers for an electrical stimulation home-device as a new bionic innovation treatment

CQUniversity is conducting a study that will consist of an online survey and Focus Groups done via Zoom. Overall, the allocated total time will be approximately 2.5 hours. You must be over 18 to participate. For further information about this study, click on this link:
